ABOUT US

OUR HISTORY

The foundation's establishment was initiated by several youth ministers from various cities who shared a deep concern for the younger generation. This led us to organize the National Student Camp (NSC) in Kaliurang, Yogyakarta, in 2008. During NSC 2008, many young people were inspired to build a better generation. They shared a common passion to raise a youth generation that loves God, possesses strong character and morals, is intelligent, and becomes a blessing to their peers. From this experience grew a fervent desire to take serious action in developing young people, not only spiritually but also in intellect and character, preparing them to be role models for the nation.

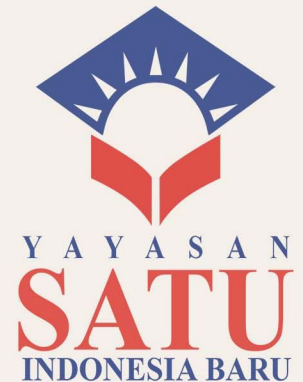

On Tuesday, September 15, 2009, several members of the NSC 2008 committee from Surabaya agreed to establish a foundation named **Yayasan SATU Indonesia Baru (YSIB)** or the **New Indonesia One Foundation**. This step was taken to ensure our movement would have a legal, formal, and official status recognized by the state.

Yayasan SATU Indonesia Baru is an acronym for "Siswa Andal dan Tangguh untuk **Indonesia Baru**" which translates to "**Skilled and Resilient Students for a New Indonesia**." The name embodies our belief that a generation which loves God, embodies Christ-like character, and is intelligent and full of integrity can lead Indonesia toward a better future. The foundation operates in the fields of education and social affairs, with a vision to empower the youth to become a capable, professional, and leadership-ready generation with resilient mental strength, high integrity, and excellent spirituality.

The foundation was officially granted legal entity status according to the deed dated February 20, 2012, executed by Notary Christiana Inawati, SH, based in Surabaya. It was ratified by the Ministry of Law and Human Rights Decree No. AHU-245.AH.01.04. Year 2012 on May 7, 2012, under the name Yayasan Satu Indonesia Baru (Tax ID NPWP: 03.208.655.5-606.000).

The founders of the foundation are Mr. Agus Fernando Simamora, Mr. Yonatan Ocsila Purbowo, and Mr. Hengky Setiawan Nirmala. The foundation began its activities with a focus on Social, Humanitarian, and Religious sectors.

The founders agreed to appoint Mr. Hengky Setiawan Nirmala as the **Advisor**, Mr. Agus Fernando Simamora as the **Chairman of the Foundation**, and Mr. Yonatan Ocsila Purbowo as the **Supervisor of the Foundation**.

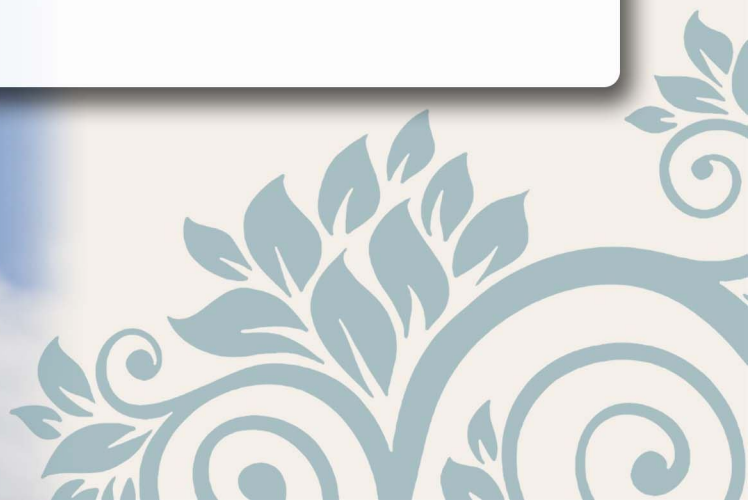

"To prepare youth generation who are intellectually capable, spiritually wise, leadership-driven, Christ-centered in character, and fully equipped for both ministry and professional service."

Visit from Professor Marshela Lie, Ed.D, MA.Ed

SMPTK School of Eagles was honored to receive a visit from Professor Marshela and her team. During the visit, she provided donations of stationery and other supplies for the children and the school.

She also extended scholarship offers for students who wish to pursue their university studies at UCB (Universitas Citra Bangsa), with opportunities extending all the way to the USA.

Background on Prof. Marshela Lie: Born and raised in Jakarta, she currently works as a professor in the USA. Her deep love for Indonesia remains fervent, driving her to continue contributing to education within the country. Just last August, she represented her university in the USA to establish a partnership with UCB in Kupang. She also has a strong commitment to supporting education for underprivileged children, frequently providing motivation for them to study diligently.

August 17th Ceremony

The August 17th Ceremony is an official event held annually at the School of Eagles to commemorate the Independence Day of the Republic of Indonesia. The ceremony takes place on the school field and involves a series of solemn proceedings. These include:

- The hoisting of the Red and White flag by the flag-raising troop (Paskibra).
- A moment of silence to pray for the souls of the nation's heroes.
- The reading of the Proclamation of Independence text by the ceremony supervisor.
- The reading of the 1945 Constitution and a collective prayer.
- The singing of the national anthem and other patriotic songs.

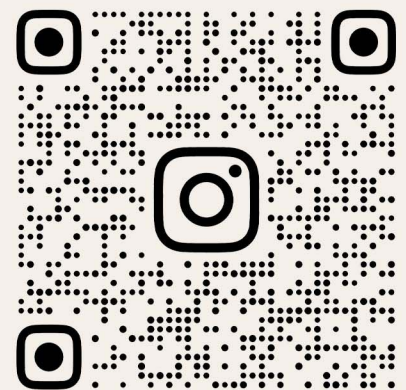

The ceremony also includes the presentation of awards to the winners of the various August 17th competitions held in the preceding days.

August 17th Competitions at School

This event is participated in by students of the School of Eagles, and sometimes even by teachers, to foster a spirit of nationalism and strengthen the sense of community within the school. The various competitions held include:

- **Eating Kerupuk (Cracker Eating Race):** Participants race to eat hanging crackers without using their hands.
- **Marble Relay (Estafet Kelereng):** A relay race where participants must balance a marble on a spoon.
- **Pencil in the Bottle (Pensil dalam Botol):** A race where participants, with their hands behind their backs, try to lower a pencil tied around their waist into a bottle.
- **Word Assembly with Movement (Merangkai Kata dengan Gerakan):** A charades-like game where teams must guess a word or phrase based on a member's silent actions.
- **Face the Cookie (Makan Biskuit dari Wajah):** Participants must maneuver a cookie from their forehead to their mouth using only facial muscles.
- **Sarong Relay (Estafet Sarung):** A team relay where participants must quickly put on and take off a traditional sarong.
- **Balloon Pop (Pecah Balon):** A game where participants race to pop balloons, often by sitting on them or stepping on them.
- **Independence Day Quiz (Lomba Cerdas Cermat Kemerdekaan):** A trivia competition testing knowledge of Indonesian history and the struggle for independence.

ANBK (Computer-Based National Assessment)

ANBK, which stands for Asesmen Nasional Berbasis Komputer (Computer-Based National Assessment), is an evaluation program organized by the Ministry of Education, Culture, Research, and Technology (Kemendikbudristek) of Indonesia to improve the quality of education across the country.

This assessment was conducted at the School of Eagles on **August 24-25, 2025**. It involved all Grade 8 students who were randomly selected (sampling) by the system to participate.

The ANBK is carried out using computer-based testing (CBT) or online testing. Importantly, there is **no pass/fail score**, as the results do not affect students' report card grades. Instead, the data is used to evaluate the school's performance and the national education system as a whole.
